Re: Letter of Recommendation  
Professional Engineering Services

To whom it may concern:

I have worked with David Phillips, P.E. on multiple projects over the past three years. Mr. Phillips has provided quality civil engineering services and has always made himself available when the owner needs him. He is cost conscious and always looks for the best solution to any problem. He provides excellent service.

I recommend Dave and his firm Sustainable Engineering & Design, LLC for your civil engineering needs.

Please feel free to contact me should you have any questions.

Sincerely,

Alan Gilbert  
Executive Director  
Facilities and Maintenance
