**RE: Letter of Recommendation.
Professional Engineering Services**

To Whom It May Concern:

This letter of recommendation is written regarding our experiences with David Phillips and Sustainable Engineering & Design, LLC. In my 6 years as Facilities Director and/or Growth Management Director of the St. Lucie County School District I have worked with David Phillips on several civil engineering projects. During this time, Mr. Phillips has consistently provided prompt quality civil engineering services along with always being cost conscious and sensitive our budget needs. Without a doubt, without his services we could not have opened many of the new schools on time. He was always willing to meet a deadline and assure that the opening would occur.

All of the projects for which he was responsible for were completed with a high degree of competency and professionalism. Based on my experience with your Mr. Phillips, I recommend Sustainable Engineering & Design, LLC for your civil engineering services. Based upon my experience, you bring a great deal of energy, enthusiasm and a cooperative team spirit to the table.

If you have any further questions, please contact me at your convenience at (772) 429-3640.

Sincerely,

Marty E. Sanders, P.E.

Executive Director of Growth Management, Land Acquisition & Inter-Governmental Relations
